In addition, and more importantly, REC is the Nodal Agency for several flagship programmes of Government of India that include *inter alia*, 'Deen Dayal Upadhyaya Gram Jyoti Yojana' (DDUGJY), Ujjwal Discom Assurance Yojana (UDAY), 'National Electricity Fund' (NEF), monitoring the 'Outage Management System' and '11-KV Rural Feeder Management System', besides acting as the 'Bid Process Coordinator' for selection of Developer through Tariff Based Competitive Bidding process for establishment of Inter-State Transmission Systems through Public-Private-Participation.

Further, REC has two fully owned subsidiaries, REC-TPCL and REC-PDCL, that provide high value services, including project design, implementation, monitoring and evaluation services, bid processing, contract management, capacity development, knowledge management, etc. Both subsidiaries have been growing at a rapid pace and have the potential to achieve annual revenues of One thousand crores each. The ED would also function as the CEO of one of the subsidiaries. For several years, REC has had two IAS officers working as Executive Directors, duly supporting the Managing Director in effective management of the REC core business, government flagship programs and the subsidiaries.
